ADDITIONAL INFORMATION SUPPORTING njd (e.g., paragraph 1 site conditions; paragraphs 2-3 rationale used to determine NJD, including information reviewed to assess potential navigation or interstate commerce connections; and paragraph 4 site information on waters of the U.S. occurring onsite): **The 1.52 acre site is located in Isanti County. There is no clear evidence that the depression has any type of surface water tributary outlet connections to other waters. The basin is either wooded or heavily vegetated with no opportunity for boating or navigation. There would appear to be no use for these basins in interstate commerce.**
